

# The heart of the matter

---

DR INIMARY OGUNDEJI

# The Heart and Lungs

# The human body has lots of cells!!!

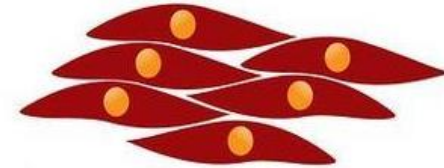

---

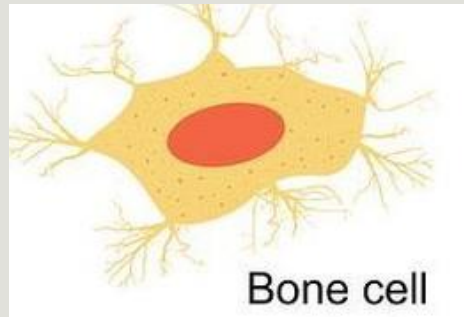

Red blood cell

Columnar epithelial cells

Smooth muscle cells

Bone cell

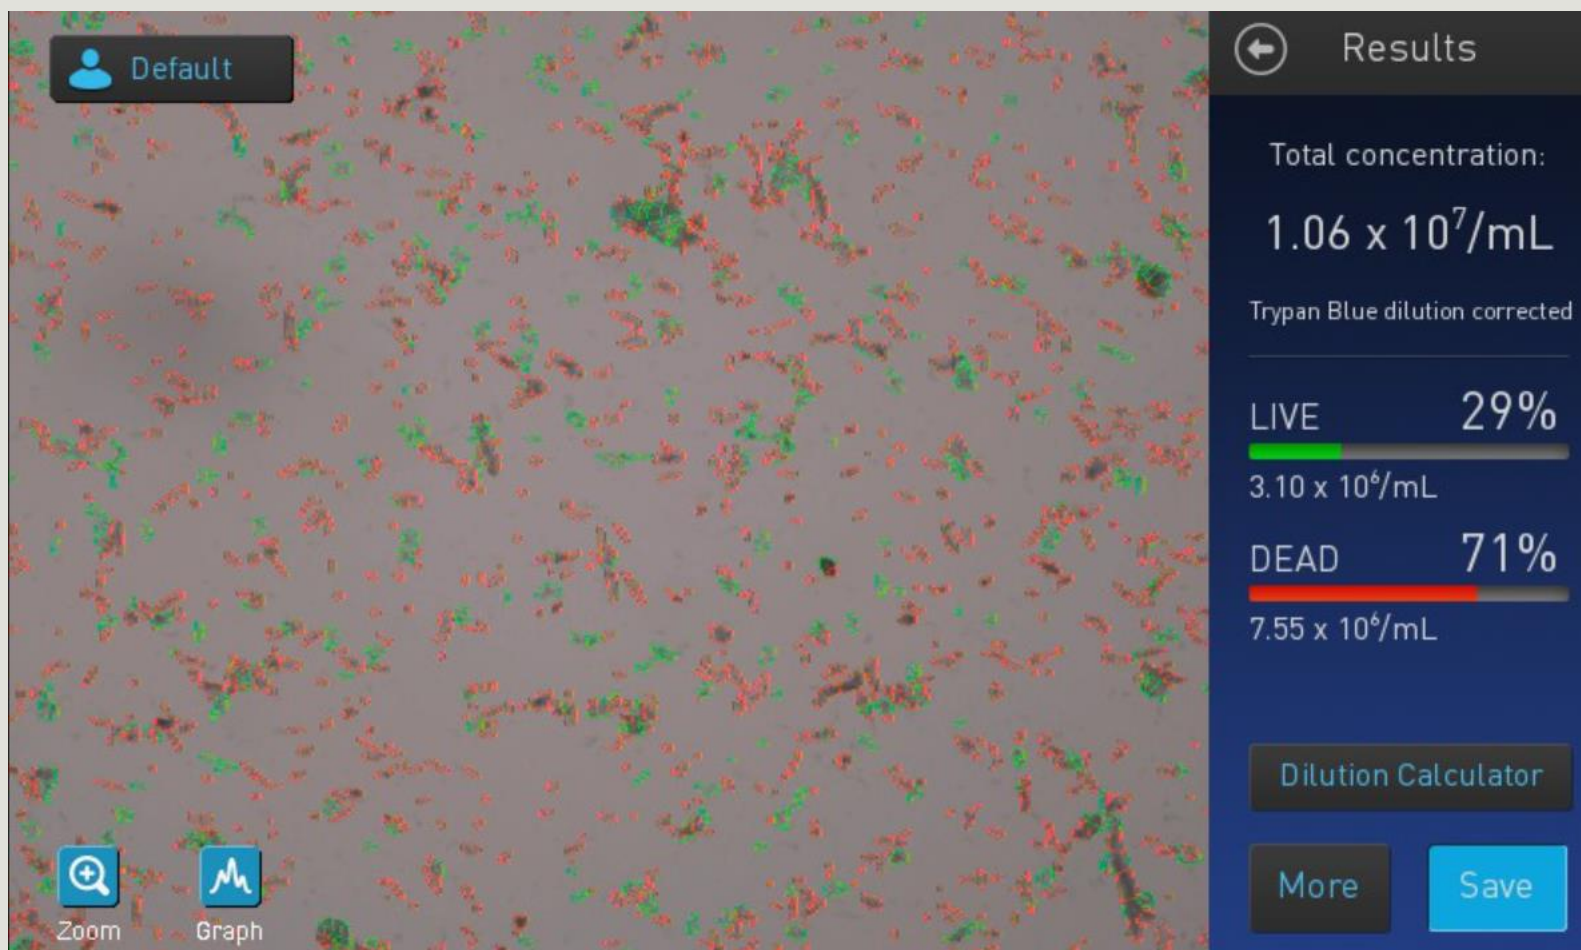

Nerve cell

# What do the cells look like?

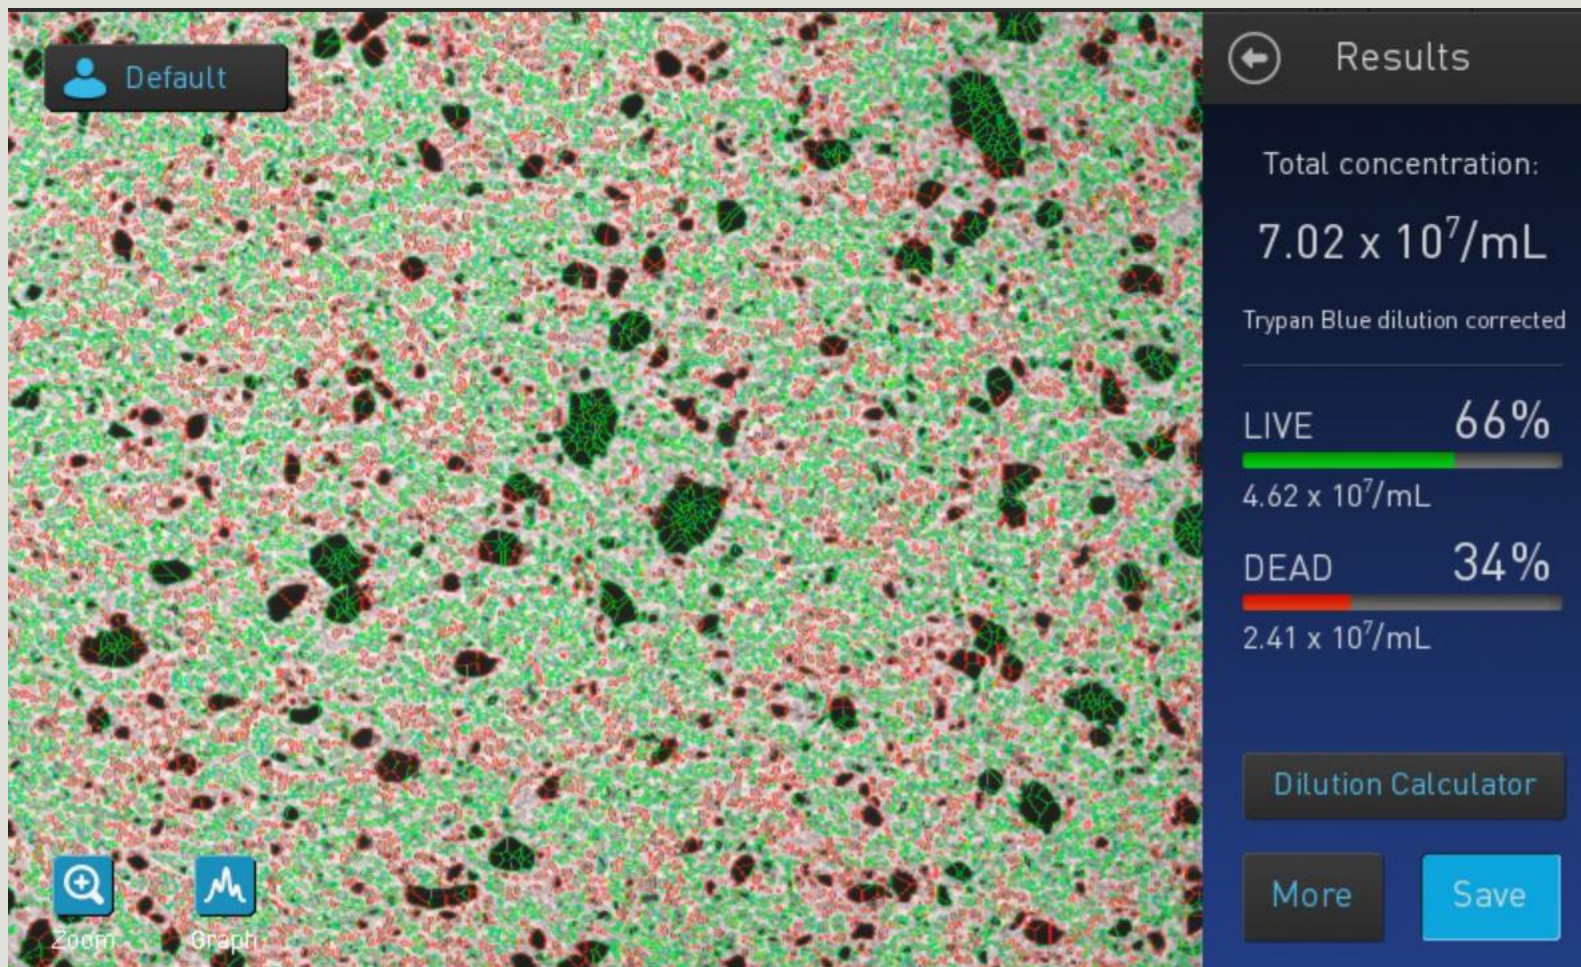

---

We will need to look under a microscope!!!

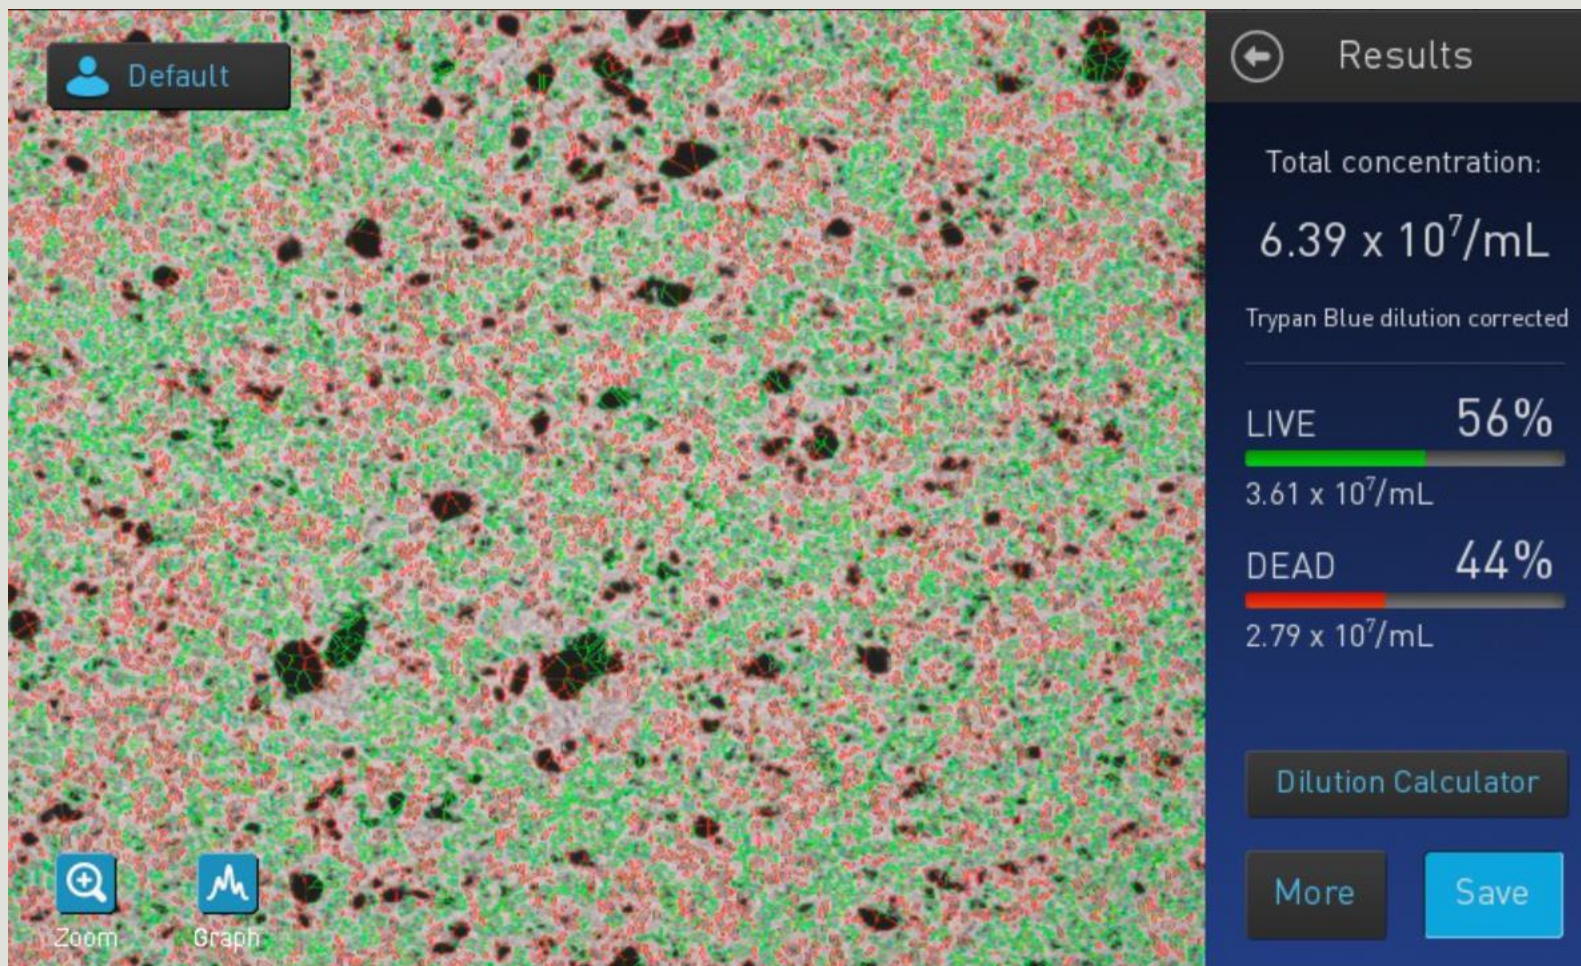

# Conclusions

---

- ☐ Healthy heart and healthy lungs
- ☐ Nutrition
- ☐ Exercise
- ☐ Good Choices!!!
